## Seek To Block Early Action On Anti-Strike Bill

Administration Would Halt  
Action Until After Labor-  
Management Parley

### FEAR CONFERENCE MAY BE HINDERED

WASHINGTON, Nov. 1.—(INS)—The administration strove today to block action in Congress on the new Smith-Connally anti-strike bill in advance of the labor-management conference which opens Monday.

It was learned the House Rules committee has been asked to postpone consideration of the revised measure which imposes stringent penalties against labor unions which violate no-strike pledges.

Administration sources expressed the view that prior action by the committee, which is expected to approve the bill, thus clearing the way for House consideration, would throw a monkey-wrench in the conference.

Key figures to meet  
Administration and labor management are convening Monday in Washington at the invitation of President Truman in an effort to work out a program which would permit unhindered reconstruction.

The rules committee was slated to meet tomorrow to act upon the bill, but in view of the administration request it was thought possible the session might be called off temporarily.

The controversial measure, to which organized labor is strongly opposed, was approved Tuesday by the House Military Affairs committee. It provides for a bargaining committee.

## PA NEW OBSERVES

City dwellers could really write their names in the frost this morning.

Halloween was rather quiet in most sections of the city. Pa Newc is informed. Few reports of vandalism were received by police.

Pa Newc notes that the red feather on the public square is beginning to show color. As reports are made by the workers the feather is the guise of a thermometer records the results. Another meeting of chest workers is set for Friday, and the feather will be another good sized addition of color. Pa Newc is certain.

With good weather conditions prevailing, an army of local hunters took to the woods this morning, to share in the opening of the small game season. Rabbits and pheasants were the chief game to be secured.

Mrs. Harry Fording, Jr., of New Castle street, New Wilmington, reported to Pa Newc that her small son, Lamont, aged four came into the house Tuesday afternoon clutching three violets that were found growing in her front yard.

Mrs. C. C. Williams, 376 Neschanick avenue, reported to The News that her husband, the late C. C. Williams had a radio set which he operated in 1918 at his place of business on North street. Mrs. Williams recalls that the set, which she still has, was the mecca of the neighborhood with people coming from far and near to listen.

Children of the Margaret Henry home will be eating venison today. A four-point buck, killed when struck by an automobile on the Wilmington road, was presented to the children by Game Warden Warden Knight. Fetchers at Susquehanna Market, Butler avenue, cut up the deer.

Only 54 babies were born at the James Memorial hospital during the month of October, it was revealed today. This was just about half the peak number born in October, 1942, when 107 births were recorded, and 13 fewer than were born at the James Memorial hospital in 1943.

United States weather statistics for the 24-hour period ending at 11 a. m. today follow:  
Maximum temperature, 62.  
Minimum temperature, 27.  
No precipitation.  
River stage, 61 feet.

Statistics for the same date a year ago follow:  
Maximum temperature, 70.  
Minimum temperature, 37.  
No precipitation.

## Halloween Observance In New Castle Quiet

So it didn't rain, and the evening was mild, and the kids had their usual fun of collecting candy and nuts and pennies. In short it was an ideal Halloween night Wednesday night with little if any of the annoyances of property destruction.

The streets of New Castle looked like something out of Alice in Wonderland until ten o'clock. Little kids barely able to toddle were garbed as big bad pirates. King size youth with more avirpino than the doctors chart says is proper were dressed as ballerinas and timid young ladies unhooked their inhibitions long enough to dress up like what they think Clark Gable should look like.

Some fraternal organizations held parties for the members, many private home had social affairs but there was no organized, public demonstration such as a parade. The memory of the war is still too sharp to have such doings on this year.

Today the market for milk of magnesia is up and fond mamas are wondering if junior swallowed a door knob in addition to his consumption of candy, cookies, peanuts, fruit and ice cream.

But to repeat, it was a grand Halloween. And to the kids of the city the householders owe a vote of thanks for refraining so beautifully from tearing down fences, breaking windows and doing the things which are frowned upon today by the devotees of law and order.

## Find Secret List Of Nazi Agents Who Bossed Bund

By PIERRE J. HUSS  
(U.S. Staff Correspondent)

MUNICH, Nov. 1.—A secret list of 200 names of Nazi agents who bossed the German-American Bund in a score of U. S. cities was uncovered today among 20 tons of Nazi party records.

A sketch of the swastika flag designed to fly over the United States in 1941 also was found.

The discovery was made in the first sortings of letters and 12,000-000 index cards, which contained files of all membership applications, deaths or expulsions in the Nazi party throughout the world since 1925.

## Huge Housing Losses In Japan From Air Raids

TOKYO, Nov. 1.—(INS)—Japan's housing shortage was emphasized today in a government report which said that more than two and a half million buildings were partly burned or destroyed in Allied air raids during the war.

The report was made by the Japanese ministry at the request of Allied authorities and estimated that seventeen percent of Japan's total construction was either destroyed or damaged in the war.

The Japs said that among the buildings totally destroyed were two million structures classified as residences.

Allied authorities pointed out by way of clarifying the report that many of these so-called residences were actually home workshops and small factories tied in with the Jap program of diversion of industry.

The housing shortage was not the only problem troubling the Japanese. A new political party marked its own birth by calling for immediate steps to alleviate the food shortage.

## Strike Vote At Johnson Bronze Is Abandoned

Agreement Reached Between  
Company And Employees  
After Negotiations

Scheduled to be held today, the strike vote of employees of the Johnson Bronze company of this city was abandoned late Wednesday night when an agreement was reached between the management of the company and representatives of the United Automobile, Aircraft and Agricultural Implement Workers of America (UAW), Local 69.

Under the terms of the agreement the union is granted the following terms: Union shop with maintenance of membership and check-off of union dues. Seven cents per hour increase for all employees, pending action of "Big Steel". When and if adjustments in the wage structure are made by Big Steel, Johnson Bronze will take similar action as it has in the past.

Forty-Five Hour Week  
A 45-hour week is agreed upon with employees getting time and a half for any time over eight hours in any one day, time and a half for Saturdays and double time on Sundays and holidays.

The negotiations were concluded late Wednesday night after a series of sessions.

"To keep our enemies suppressed so there will be no World War III we must provide for armies of occupation. To see that our own country is never invaded and to assure that our insular possessions are never again attacked by prepared nations, we must provide for our defenses. We must keep our guard up. All of this will cost money, plenty of it. That is one of the reasons for this victory loan drive."

## New Orgies By Japs Revealed

Witnesses Tell Of War  
Crimes At Closed Session  
Of Yamashita's Trial

By PAT ROBINSON  
(U.S. Staff Correspondent)

MANILA, Nov. 1.—Sordid details of a nine-day rape orgy by Japanese soldiers and marines were written into the record today at a closed session of the war crimes trial of Gen. Tomoyuki Yamashita.

The press and public were barred from the courtroom to spare prominent Filipino girls from embarrassment as they added more testimony concerning the bestial conduct of the troops of Yamashita's command.

The incidents related in court in the fourth day of Yamashita's trial occurred last February in Manila's fashionable Ermita district.

An attractive young society matron told the five-man military tribunal which will determine Yamashita's fate that a Jap lieutenant explained to the Nipponese required "amusement and relaxation" after fighting.

Damaging Testimony  
The same witness quoted another Jap officer as saying that his command had ordered all Filipino citizens killed.

This testimony was considered particularly damaging to Yamashita's defense.

Remove Controls  
On Deliveries Of  
Milk, Other Items  
WASHINGTON, Nov. 1.—(INS)—Unrestricted deliveries of milk were permitted today, as one of the most far-reaching conservation measures administered by the Office of Defense Transportation went by the board and removed controls which limited these deliveries during wartime.

Milk, every other day, laundry and dry cleaning, twice a week, perishable meats and vegetables and bread, three times a week; ice, once a day; nearly all other items, including canned and staple groceries and most merchandise, twice weekly.

With the revocation, ODT Chief J. Monroe Johnson warned, however, that it might take months before pre-war delivery service is restored to pre-war level.

New Report Says  
Hitler Is Dead  
LONDON, Nov. 1.—(INS)—A Reuters dispatch from Berlin today quoted a British intelligence report as saying that Adolf Hitler definitely is dead.

According to the British report, Hitler and Eva Braun, whom he is supposed to have married a few days before the fall of Berlin, died at 2:30 p. m. on April 30.

## Eagles Make Big Bond Purchase

Announce \$15,000 Bond Purchase In Victory Campaign By Fraternal Order

Opening the purchases of Victory bonds in large amounts, the Fraternal Order of Eagles has purchased \$15,000 of Series "F" bonds, it was announced in local headquarters, the Greater New Castle Association offices. Other fraternal organizations will undoubtedly follow with similar announcements.

On Wednesday, the state wide leaders of the Victory Loan campaign came to New Castle, sat down here and expressed satisfaction with what is being done. G. Hubert Rehman, of Philadelphia state chairman of the campaign, said Lawrence county has been one of the better counties in Pennsylvania. We are confident the same fine spirit of co-operation shown in the past will continue and that at the end of this campaign the county will have exceeded its quota.

With Mr. Rehman were Robert H. McClintock and Glenn Cook, leaders in the Post Post office.

## Administration Warns Industry On Regulation

Indefinite Regulation Of  
Economy Of Industry  
Seen If Wage Price  
Policy Fails

AWAIT REACTION  
TO TRUMAN'S PLAN  
WASHINGTON, Nov. 1.—(INS)—Administration officials warned today that indefinite regulation of the economy by government may be the only alternative to labor and management's acceptance of President Truman's wage-price program.

While anticipating a "confused" reaction to Mr. Truman's newly-announced program, federal stabilization chiefs remained confident that a majority of unions and employers will go along with the president's admonition to bargain over their demands.

May Assume Charge  
Failing that, officials said, the OPA, the office of economic stabilization, the War Labor Board or its successor will have to assume complete charge again of union-management wage cases and continue the war-time pattern of compulsory settlement in conformity with the nation's stabilization program.

For four years labor and management have been admonished to having government regulate their prices, profits and wages. They are all out of practice in the business of collective bargaining.

They now are offered an opportunity to again handle their own problems. If they do not succeed, the government will have to settle their differences. If that happens, control may be continued indefinitely.

In a New York address, Secretary of Labor Lewis B. Schwellenbach said the government on Nov. 1 day, was confronted with a decision as to whether or not compulsory methods should be continued in the future.

U. S. Not Taking  
Sides In China's  
'Civil War' Action

CHUNGKING, Nov. 1.—(INS)—A Chinese Communist spokesman said today the central government of Generalissimo Chiang Kai-shek could "revert civil war" by ceasing its attempts to occupy further areas of North China and Manchuria.

Chen En-lai, number two Communist currently negotiating with the Chungking government, proposed also that central forces withdraw Japanese troops now fighting against the Communists, and that the opposing factions withdraw from the area.

Chou's statement followed reports that central government troops would land in Manchuria with Russian consent and that Communist forces had captured Linchuan, Tungling, Linchuan in Eastern Szechuan province.

Deny Reports  
Insisting that Chiang might maneuver troops along China's railroads, Communist spokesmen were reported to have denied a recent Chungking charge that Communist troops would force upon central government troops landed from American transports.

Although we consider there is too much at stake for the United States to transport Kaomintang troops, the possibility arose that workers in divisions of the bus system not affected by the contract dispute might join in a sympathy walkout or refuse to cross picket lines, which would cause a complete shutdown.

Vacant Seats At  
Senior High Show  
Hunting Has Begun

Approximately 100 boys were absent today, and most of them were probably out tramping through the woods with a gun and a dog or two.

Lonely little pleasant sitting in a tree, chattering his headless sing-song in a gleam, along came a hunter with a twelve gauge gun, took a shot at Mr. Mometer, any fun. Poole's combed his whiskers and nearly cut his back, tail was partially destroyed, instead of looking sleek, he looked like something in a night, but still he chirped his gleam, ran like a pleasant sitting in a tree. Lads use out today with guns, looking for some birds, every time they miss a shot the air is filled with words but all the time this pleasant sits and whistles in a tree, while folks try hard to knock him off, the weather's sixty-three.

### Gaston Post Is Well Over Top In Membership Drive

Have Exceeded Last Year's Membership By Hundred For Round-up At Harrisburg Saturday

Perry S. Gaston Post went away over the top last night, in their final gathering of members prior to the annual Pennsylvania Department Roundup at Harrisburg, Saturday, almost 600 members being reported by Membership Chairman Carl G. Schweinsberg.

These will be taken to the Round-up by District Commander A. Lewis Conn, who will leave Friday morning for Harrisburg to represent the district, when membership reports will be received from the posts throughout the state.

This annual membership Round-up is a week earlier this year than has been the custom in the past, the Roundup having previously taken place on the Saturday preceding Armistice Day, and is expected to show the biggest increase in membership ever recorded by the Pennsylvania Department.

Membership Chairman Schweinsberg stated today that the membership committee does not expect to rest on these laurels, as every membership taken in by November 30 counts extra in the membership rating, and Perry S. Gaston Post is expected to take honors in the contest for the biggest increase in membership in the state in posts who had a membership last year of between 501 and 800.

WASHINGTON, Nov. 1.—(INS)—The Senate today approved the new tax bill cutting revenues by five billion 920 million dollars in 1946 and sent the measure to the White House.

Legislative action was completed on the interim tax bill when the Senate accepted a conference report approved by the House Tuesday.

The bill removes 12 million low income tax payers from the rolls on January 1, 1946, repeals the corporation excess profits tax, of that date, and grants special benefits to service men and veterans.

### Mummers Parade In Ellwood City

Halloween Parade And Program Attracts Thousands To Business District Last Night

ELLWOOD CITY, Nov. 1.—Ellwood City was the mecca of several thousand people who gathered to participate, or look on as a great mummers parade was held last night in the business district, followed by a street dance.

The parade formed at the Circle school at the corner of Fountain avenue, and then went down Spring avenue to Fifth street, up Fifth to Lawrence avenue, where it went up Lawrence avenue and counter-marched, disbanding at the municipal building.

Prizes were awarded the best dressed mummers, the event being sponsored by the merchants division of the Chamber of Commerce.

No parking was permitted on Lawrence avenue during the parade hours, and the crowd was a most orderly one, police officials report.

### Boys Who Threw Eggs Must Appear

Three youths from the downtown section were ordered by Policemen George Price and Jack James to appear before Mayor John F. Haven in informal court, city hall, Saturday morning, it having been alleged in reports from Albert street and Garfield avenue that they had thrown eggs on Halloween.

However, vandalism here and in rural districts was quite low, according to authorities, who were "on their toes" last night.

Police were searching today for boys who reportedly broke a large window at the Unger residence, 305 East Sheridan avenue. E. W. Greiner, 437 Winter avenue, reported the theft of a porch rug.

### ADMINISTRATION WARNS INDUSTRY ON REGULATION

(Continued from Page One)

peace-time or whether to revert to the democratic system of bargaining. Schwelienbach added:

**Utterly Inconsistent**  
"It would have been easy to have attempted to force compulsion during peacetime. To have done so, however, would have been utterly inconsistent with the principles for which the war was fought. Therefore your government chose the hard answer. It now calls upon both industry and labor to join with it in making this process work."

Industry was slow in expressing its reaction to President Truman's assertion that the higher wages are "imperative" and that business generally can afford substantial price increases without price increases. Mr. Truman declined to specify any percentage increase, leaving that to individual collective bargaining.

Walter P. Reuther, CIO United Automobile Workers vice-president, immediately pressed General Motors for a resumption of negotiations. Reuther said the president's address supported the UAW's 30 per cent demand fully and prompted a mandate to GM to end their sit-down and get back to collective bargaining.

CIO President Philip Murray withheld comment pending action of the CIO's executive board which assembled in Washington today to study the wage question. AFL President William Green said he was not certain whether the president's proposal for limited wage increases "meets the requirements of the situation in full."

### PA NEWC OBSERVES

(Continued from Page One)

October, 1944. In October, 1941, which might be termed an average year, there were 56 births at the hospital.

New parking meters will be a boon to one local motorist who was seen Thursday at noon attempting to manipulate one of the old meters with his wife's fingernail file.

Youngsters who made the rounds last night on Halloween excursions to homes, weren't taking any chances on not having a bag large enough to carry their gifts. Most of them were fortified with a huge bag, Pa News is told.

The stork was almost twice as busy this past month at the New Castle hospital when he delivered 55 infants in October, as compared to the 29 infants born in September. Twenty-six male infants were born.

### Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Creomulsion blends beechwood essence by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly alleviates the cough, permitting rest and sleep, or you are to have your money back. ### Penicillin Supply Shortage Is Seen

PITTSBURGH, Nov. 1.—(INS)—Western Pennsylvania hospitals today faced a shortage of penicillin, W. A. Hacker, president of the hospital conference of Pittsburgh, declared.

The shortage has become so acute, he said, that hospitals are fearful that it may endanger the lives of patients suffering from advance stages of infection. Hacker said physicians have been frantically searching for the drug with little success.

**REPORT GIRL MISSING**  
Mary Jane Tanner, age 17, of R. D. 7, has been missing from home since Tuesday night, when she ostensibly left her home to roller skate here, according to a report made to city authorities. She was last seen on the street by a girl friend whom Miss Tanner said she would join at the rink.

## DESSERT LUNCHEON PROGRAM MEETING

Conservation and Gardens department of the Woman's club was entertained for a dessert luncheon program at the home of Mrs. Thomas J. Paden, 207 Glenmore boulevard, on Wednesday afternoon. Fall flowers and gourds formed the colorful seasonal decorations.

Dessert was served at one o'clock by the following committee, Mrs. Charles Wetlich, Mrs. M. L. Maxwell, Mrs. W. G. Eckles, Mrs. Lucien Black, Mrs. Frank Bolinger, and Mrs. John E. Elliott.

Later, guests enjoyed a short period of black magic games as entertainment appropriate to the day. "Bouquet Arrangements" was the subject of an interesting and instructive talk by Miss Mary Ellen McClain, home economics extension representative.

Mrs. Clifton Skinner, Mrs. Allen Miller, Mrs. K. A. Cotton, Mrs. C. M. England, and Mrs. W. R. Dickson were special guests.

Mrs. W. H. Humphrey, chairman of the Conservation-Gardens department, named chairman for the three meetings that will be held during the winter and spring seasons. Mrs. Charles S. McCullough will be in charge of arrangements for the winter meeting, Mrs. L. W. Grossman, of plans for the mid-spring meeting, and Mrs. Humphrey, of a late spring visit to view the well-known lilac gardens in Butler.

## "RUSSIA" TOPIC FOR INTERNATIONAL GROUP

First meeting for the season of the International Relations study group sponsored by the International Relations committee of the Business and Professional Women's club was held Tuesday evening in the Y. W. C. A.

The group began a study of Russia which, due to the amount of interest shown, will be continued as the study subject for the remainder of the year. Mrs. Sara Sankey McCune and Miss Genevieve Riddle spoke on Russia's geography and history using a map to illustrate their discussions. Brief group discussion followed.

An unusually large attendance was present including a number of guests and members of other groups interested in the subject of International Relations.

First Tuesday of each month was decided on as the regular meeting day. Next meeting will be Tuesday, December 4, at the Y. W. C. A.

Miss Alice Sterling is chairman, Miss Rose Barber, co-chairman, of the International Relations committee in charge of discussion group arrangements.

Orange Lodge No. 1290 Past Mistress club of Orange Lodge No. 129 will be entertained this evening at 8 o'clock at the home of Florence Hoover, of New-shamrock avenue.

## JAMESON NURSES' HALLOWEEN FROLIC

In the Jameson Memorial hospital nurses home, Wednesday evening student nurses and staff members greeted halloween with enthusiasm at what was the first social event of the school year.

Pumpkins, conestalks, ghosts, rats and all the traditional halloween motifs transformed the downstairs rooms into an appropriate setting for the holiday occasion.

Costume prize for the most original went to Mrs. Delphine Jones McFate. Mrs. Alice Brunswick and Miss Ruth Cleland shared honors for the funniest costumes, and Miss Alice Cleland won the "pinkie" award.

Ghost stories, told by Dona Thompson of the freshman class, added to the hilarity of the evening. Relays and games were enjoyed and a lighthearted contest was won by Gladys Kildoo and Dona Travers.

Dancing and group singing with Laella Walters at the piano climaxed the evening.

Refreshments were served at a table where decorations were carried out in the colors and motifs of the day.

Mrs. Delphine Jones McFate was chairman of arrangements. In addition to committees previously announced, Miss Lois Kelly and Miss Agnes Houk served on the decorations committee and Miss Jean Roberts and Miss Mary Davidson on the refreshments committee.

## GUESTS ARE SENT TO SEEK FOR MILK

Masked and in costume, guests at a Halloween party given by Miss Patricia Trehan of Winter avenue Wednesday evening were paired off in couples, with each couple receiving a milk bottle to be filled by begging at various homes.

Each couple was allowed four houses at which to stop and ask for milk, and the first couple to finish were awarded a bottle of chocolate milk as a prize.

When the entire party had returned from the milk-hunt, a late supper was eaten by candlelight with fall leaves and bitter sweet decorating the table. The hostess was assisted by Miss Joan Simpson.

## U. A. C. Class Party

Mrs. William Beltrame of Norwood avenue received associates of the U. A. C. class of the First Baptist church in her home Tuesday evening when she entertained at a masquerade party.

Mrs. Mary Beltrame was selected as the one having the best costume. Games, under the direction of the hostesses, were enjoyed, with trophies being awarded to Miss Isabelle Reno and Miss Winifred Herber.

Miss Dora Van Gorder shared as a special guest.

Halloween refreshments were served by the hostess at a suitable hour.

## COUPLE MARRIED IN MICHIGAN, VISITORS

Miss Madonna Jean Sanders, daughter of Mr. and Mrs. Clark Sanders, of 515 Wayne avenue, Saginaw, Mich., and Audition Machinist's Mate J. C. Arnold, of 604 Pearson street, who were married on October 20 at the bride's home in Saginaw have arrived here for a visit with the groom's father.

Rev. Stanford S. Closson, pastor of the First Methodist church, performed the wedding ceremony.

The bride had as her maid of honor her sister, Miss Colleen M. Sanders. Harold Sanders, brother of the bride, was best man.

The groom is on 30-day leave following his return to his country on September 28 after duty in Hawaii since May. On November 5 he will report to Pittsburgh for reassignment.

## FACULTY, FAMILIES ARE ENTERTAINED

For a halloween party on Tuesday evening, Miss Ellen McFate graciously opened her home at Edinburgh to members of the faculties of Thaddeus Stevens and the West Side schools and their families.

Guests were met in the yard and led to a ghost who made them "walk the plank" to enter the eerily lighted house.

After attempts to guess identities, all unmasked and the evening's entertainment proceeded with a continuous round of fun.

Miss Laura Cornmeadow, Miss Cleora Williams, Miss Marguerite Mullen, Mrs. Joseph Armond, and Peter Griddle were the committee in charge of arrangements.

## SECTION ONE ENTERTAINED

Section One of the First Christian church met Wednesday evening with Mrs. John Meyer, Winter avenue, when plans were discussed for a special project early in December.

After business, the hostess served a lunch assisted by her daughters, Helen Virginia and Jane.

Next meeting will be with Mrs. Ralph Newingham, Laurel boulevard, an evening meeting, in two weeks on November 14.

## ELLWOOD COUPLE HAS ANNIVERSARY

The sixty-second wedding anniversary of Mr. and Mrs. M. C. Hogue was celebrated in a very pleasant manner on Tuesday evening in their home at Ellwood City.

Children, grandchildren and great-grandchildren gathered in to make the occasion a memorable one in the life of the honored couple.

A delightful evening was spent by each guest and at the proper moment a delicious lunch was served.

## EVENING SECTION PROGRAM TONIGHT

Evening Section of Women's club will meet this evening at 8 o'clock at the home of Miss Dorothy Depp, 734 East Washington street, for a program on "The House Arsonist." Joseph E. Eckers of New Wilmington will be the speaker.

## Youngsters' Masquerade

Young guests were entertained at a masquerade party at the home of Shirley and Billy Lutz, 837 East Washington street, on Monday evening.

Games and story-telling were the diversions after the young people unmasked. Prizes were presented to Darlene Lutz, Phyllis Kirkwood, and Joan Stamford.

Later a lunch was served by Mrs. Ellen Lutz aided by Mrs. Jack Nygard, Mr. Jack Nygard, Jr., and Mrs. William Stamford.

## LT. DONALD LANIGAN IS WELCOMED HOME

At an open house, held in their home in honor of their son, Lt. Donald G. Lanigan of Cleveland, O., Mr. and Mrs. J. N. Speed of Parktown Corners, Sunday afternoon celebrated his return after five years of service.

Many things, including the two hundred people who came to wish Lt. Lanigan success, the beautiful flowers, the many gifts and delightful refreshments helped make the event a memorable one in the mind of the honored guest.

Lt. Lanigan, who is a former graduate of Union High school, has a brother who is in Japan with the Fifth Marine Division, Corp. Ralph Lanigan.

The lieutenant was accompanied to New Castle by his wife, daughter and his mother-in-law, Mrs. Gladys Fahringer.

At the close of the function, the hostess assisted by her aides, Mrs. Fred Braun of Youngstown, Mrs. Gladys Fahringer of Cleveland, Miss Marjorie Powell of Youngstown and Mrs. Ralph Lanigan of New Castle, served a delicious luncheon.

## W. C. Club Party

Associates of the W. C. club were delightfully entertained Wednesday evening at a masquerade party in the home of Mrs. Charles Clark, of Round street.

Rooms of the Clark home were tastefully decorated with streamers, pumpkins and black cats.

Various games were diversions of the evening, trophies being awarded to Mrs. Emil Smolink and Mrs. K. Campbell.

Mrs. J. Lorne and daughter, Gretta, Mrs. Herbert C. Cumberjedge, Mrs. Edward Smith, Mrs. Smolink, Mrs. L. R. Skaggs and Mrs. H. Kass were special guests.

Halloween refreshments were served by Mrs. Clark, aided by Miss Lorne and Mrs. Joseph Flynn.

In two weeks, Mrs. Arthur Lang of Highland avenue extension, will be hostess.

## Safely Anchored Class

Safely Anchored Guild class of the Calvary Gospel tabernacle Sunday school met Tuesday evening at the home of Miss Mary Frisbee, 1805 East Washington street, for the October meeting in the form of a halloween party.

Prizes went to the one with the prettiest costume, Phyllis Phillips, and for the funniest, Barbara Drake.

Games were in charge of Mrs. Melba Clark, teacher of the class, assisted by Mrs. R. J. Frederick, Miss Betty Frisbee aided her mother, Mrs. Frank Frisbee, in serving a lunch.

Next meeting will be Thursday, December 13, at the home of Miss Kathleen McCannell, 1611 East Washington street.

## Leaders' Association Meeting

Mrs. Glenn Carpenter was hostess to about 18 troop leaders at a luncheon in her home on Glenmore boulevard Tuesday evening, with Mr. C. M. Bosson presiding over the business meeting.

Mrs. Phyllis D. Gibson, co-leader, discussed the making of tag favors, and the leaders agreed to adopt the making of favors for hospital as a troop project. Mrs. N. J. McCluskey resigned as Leaders' Association representative in the Girl Scout Council and Miss Maxine Bigley was appointed in her place.

The next meeting will be on November 27, in the Trinity Episcopal church, when Mrs. Thomas Clark will show the leaders how to make Christmas decorations.

## Mamie Ryan Surprised

Coming as a surprise, eighteen ladies gathered in the home of Mrs. Mamie Ryan, Beasleys building, Wednesday evening, to help celebrate the anniversary of her birthday.

Various games occupied the evening hours with prizes going to the winners. The honoree was the recipient of many nice gifts as mementos of the gathering.

Delightful refreshments brought the evening to a close.

## Engagement Told

Mr. and Mrs. Michael Rasmussen of Stewart road, Salem, O., announced the engagement of their daughter, Ruth Johanna Rasmussen, and Andrew J. Froum, Jr., son of Mr. and Mrs. Andrew Froum, of 19 Waldo street, New Castle.

No date has been set for the wedding.

Mr. Froum, Jr., recently discharged from army service, is employed at the Pennsylvania Railroad company.

## Temple Bible Class

Temple Bible class of the First Baptist church met for a third luncheon on Tuesday at one o'clock in the church dining room.

Rev. J. W. Newman, the teacher, was in charge of devotionals and addressed the class on the subject of "Spiritual Needs."

Hymn singing was in charge of Mrs. S. Warnock and Mrs. J. Groves. Prizes were made for a turkey dinner on December 12.

Mrs. M. Smith, Mrs. S. Lutton, and Mrs. V. Shaffer were the committee on arrangements.

in a scientific and entertaining demonstration of the art of  
**HYPNOTISM**  
under the auspices of the New Castle Chapter of Jr. Hadassah

This will be Professor Schmidt's third appearance in New Castle with an entirely new show. When he appeared here last October the greatest part of his audience was definitely skeptical about hypnotism. After seeing his excellent two hour demonstration most people went away firmly convinced that hypnotism is the coming miracle science. Using only volunteer subjects from his audience he put about a dozen subjects to sleep and although he illustrated the various phenomena of the science of hypnotism he did so in a light and entertaining vein. Everybody went away with a different conception of what hypnotism actually was. Although scientific in character his demonstration proved most enlightening and enjoyable evening for the large crowd on hand. If you did not see him then, merely ask any one who was present. His performance elicited the most favorable comment from everyone present.

On September 26th he appeared for the Allegheny County Bar Association dinner for the Supreme Court Justices in the Urban Room of the William Penn Hotel. He happens to be a lawyer himself. That stand conservative group was moved by his wonderful performance. Chief Justice Maxey, following the demonstration, said "I was skeptical but you definitely convinced me. It was a most enjoyable and entertaining evening."

He uses no stoges, no professional subjects—only volunteers from his audience. There is a standing offer of \$1000.00 to any one proving that his demonstrations are not completely bona fide. Although scientific in character, his demonstrations are excellent entertainment for the entire family, chuck full of good clean fun. He really proves that hypnotism can be fun.

He has promised to give a complete new and different demonstration from the one he did last year. If you have already seen him, come and see an entirely new show. If you have not, join the throng and be mystified, delighted and thrilled.

Don't miss Professor Schmidt's performance.

**Annual Halloween Celebration At Lincoln-Garfield**

An uncanny, eerie atmosphere prevailed Wednesday afternoon at the Lincoln-Garfield grade school. Walking along the corridor, peering into each room, an unsuspecting scribe thought he was in a strange world rather than a schoolhouse. The reason for the strange sounds and the queer looking individuals was the annual Halloween exercises that are presented by the teachers and pupils of the school at this season of the year.

Everything from the mythical realm appeared on the program. The exercises began, appropriately enough, with devotions and the salute to the flag but when this was done away with, the frolic really began.

Parents, teachers and pupils alike applauded heartily as each individual or group presented his part in the program. One of the most amusing skits of the performance was the appearance of an old witch who hobbled out onto the stage followed by a "real live cat" with whiskers and tail who followed Madam Witch wherever she went. The part of the cat was cleverly portrayed by one of the lower grade pupils of the school.

The parents of the pupils from many of the grades turned out to witness the unusual affair. The success of the entire performance rested upon four teachers who worked untiringly in their efforts to create such a feat. They were Miss Emma Maxwell, Miss Ruth Black, Miss June Book, Miss Little Savolaine and Mrs. Elizabeth Eckles.

**Local Seamen Now In Same Flotilla**

Word has been received by Mr. and Mrs. George P. Johns, of 421 Boyle avenue, from their son George E. Johns, S-I-C U. S. S. L. C. (F. E.), saying he recently met Pete Biers of this city, who is a seaman in the same flotilla. The meeting was at Okinawa, and since that time they have made a round trip to the Philippines.

Since that time, October 2, both New Castle men left for Japan, near Hiroshima. They participated in the landing of many of our troops and passed a couple of floating mines in Bungo Straits October 5. George reports the inland sea and surroundings to be beautiful.

**Local Ship's Cook In Recent Typhoon**

According to word received by Mrs. Isabel Weinschenk and son Emanuel of R. D. 1, Savannah road, from her husband, Ship's Cook 2c William G. Weinschenk, he was in the recent typhoon enroute from Saipan to the Philippines. He is aboard the USS LSM 522. The storm lasted five days, none of their crew were hurt, but many were seasick. Seaman Weinschenk is the son of Mrs. Etta Weinschenk of R. D. 1.

ling the crowds. No one will be allowed inside the ropes, except players and officials. The general public and students must keep in the stands. Anyone caught getting under the ropes will face arrest and fines on disorderly conduct charges, as the officials of Ellwood City are determined to stamp out such incidents as have recently occurred.

Now it has been my observation over a pretty long period that nothing short of a heavy wire fence, horse high, bull strong and pig tight, will ever be able to control angry crowds at a football game that is not conducted in a great Stadium, amply policed.

Ellwood City should remember that its existence was due to its promoter, Mr. Hartman, and its first manufacturing establishment was Mr. Hartman's wire fence plant. When the suggestion of this wire fencing was made to the officials of Ellwood City, the opinion was expressed that a three or four-foot wire fence all around the playing field was the real solution, but as it was impossible to secure such fencing at this time, stakes and rope would be used as a temporary expedient. However, a three or four-foot wire fence is not much of a wire fence when it comes to an angry crowd back of it. Let it be remembered that a fence, "horse high, bull strong and pig tight" is a fence which has been for a long time adopted as the strongest fence that the fence people have been able to produce.

**Night Light**

6. At night, the bicycle should have a light in the front and rear, attached to the bicycle. If you have a reflector on the rear mud-guard, be sure it is clean and polished.

7. Have your brakes in good condition so you can stop quickly when necessary.

8. Never hang on to any moving vehicle.

9. Keep both hands on the handle-bars, no stunt riding.

10. Obey traffic signals! They are meant for you as well as other travelers.

11. Register your bicycle by paying your small license fee each year, not because the law requires it, but also for your own personal advantage.

12. Keep your hands off any bicycle that is not your own, unless you have permission of the owner to do so.

13. Don't ride on the sidewalk. You might injure some child or older person.

**Pledge For Junior Bicycle Rider**  
I will attach the license plate to my bicycle and keep it in good condition.

I will not carry a passenger or large package on my bicycle.

I will stop at all stop signals. I will obey all traffic signals and orders of traffic officers.

I will always ride on the right side of the street, close to the curb. I will not hitch on any other vehicles.

I will not do any trick riding or weaving in traffic.

When riding at night, I will display a light in front and a light or reflector on the rear of my bicycle.

When riding out of alleys, I will stop and look to see that sidewalks and streets are clear of traffic.

When riding with other bicyclists, I will ride in single file.

I will become familiar with all traffic rules and regulations and obey them. I will be watchful and alert at all times.

**IT HURTS**

We are a nation of pill takers. Everyone seems to have his favorite pill.

Mostly these pills are harmless as well as worthless. Sometimes they are dangerous.

Appendicitis is one condition where pills or laxatives are harmful.

Junior gets a pain under his vest. It doubles him up. He feels like vomiting. He gets a little feverish. The best thing is for Junior to lie down and be quiet. No pills or laxatives should be taken.

If the pain lasts very long, he should have medical attention. The doctor will find out what is causing the pain and will know what to do about it.

Pain is a dangerous signal. It means Stop, Look and Listen. Better find out what causes it. A pain in the back is different.

**Relieve that Tormenting****PIN-WORM ITCH**

Too Embarrassing to Talk About!

It is no longer necessary to put up with the trouble caused by Pin-Worms!

A highly effective way to deal with this ugly infection has now been made possible. It is based on the medically recognized drug known as guanacresol. The special drug is the vital ingredient in P.W., the Pin-Worm tablet, developed in the laboratory of Dr. J. J. Lee & Sons.

The small, easy-to-swallow P.W. tablets act in a special way to remove Pin-Worms. So don't take chances with the embarrassing itching and other distress caused by these creatures that live and grow inside the human body. If you suspect Pin-Worms, take P.W. right away and follow the directions. Safe action guaranteed on your money back.

Your druggist knows P.W. for Pin-Worms!

## Telegraphers Here Not Ordered To Stop

Work Stoppage At Pittsburgh Would Affect Office Here  
Mrs. Baker States

Although it was announced by President F. W. Hallinan of the Pittsburgh Local A.F.L. Commercial Telegraphers union, today that approximately 800 members of the union in the Pittsburgh district will participate in the nationwide strike today, work stoppage Friday afternoon, no action has been taken here to take part in the strike.

Mrs. Gaudy Baker, local manager of the Western Union Telegraph company stated today:

However, if the telegraphers in Pittsburgh are closed down because of the demonstration it will automatically affect the local office, because messages cannot be received or sent out of the local office during the period. Work will be halted under the strike from 1 to 6 p. m. Friday afternoon.

The demonstration similar to that staged recently by telephone workers in some of the larger cities, is expected over a War Labor board directive. The WLB granted a four-cent hourly wage increase, but the union demands a 28 percent increase.

**Chairman To Report On War Fund Drive At Friday Meeting**

For the second time since the 1945 Community Chest and War Relief Fund drive began 11 days ago, division chairmen will meet at a report luncheon in The Castleton hotel at noon Friday.

Besides the work done by individuals, a number of contributions have been received in the Community Chest office since the drive began. The drive was started by the campaign workers, members of the Community Chest staff.

## Butler Expresses Appreciation Of Local Attitude

Letter Of Appreciation Sent For  
Fund Raising Gesture Of  
Fans Here

In a letter to Carl E. Paisley, James O. Heyrock, Sports Editor of the Butler Eagle expresses the appreciation of the Butler fans for the recent action of New Castle sportsmen in defraying expenses of the treatment of halfback Richard Bettes of the Butler team who was injured in the New Castle-Butler game.

The letter follows:  
Carl E. Paisley,  
241 East Washington street,  
New Castle, Pa.

Dear Mr. Paisley:  
Citizens and high school officials have asked me to express their sincere gratitude for the check to pay the partial hospital expenses sent by you, of Richard Bettes. All of the people that have mentioned the act to me have talked mostly about what a fine gesture it was and not about the sum.

Everyone in Butler realizes that the campaign conducted by you to raise the money was not necessary as far as rules are concerned, but that you did it out of human feeling. I have told the high school principal and other officials that New Castle fans were deeply hurt about the unfortunate occurrence.

Coach James McDowell said New Castle has always been a friendly rival and we certainly do not hold the school responsible for the actions of a misguided youth. Faculty Manager William Cross explained that New Castle is one of the outstanding schools scheduled in athletics by Butler and nothing should come between the two cities.

As for the Bettes family, they are deeply grateful for your fine efforts but naturally they are still worried about the outcome of Dick's eye. Dr. Hunt, the attending physician, will not give any encouragement or tell when he thinks the eye will be well.

In closing I want to assure you that Butler is sorry for the occurrence but they are sure that the friendly relations between our two cities will be lasting.

Greatly yours,  
JAMES O. HEYROCK,  
Sports Editor,  
Butler Eagle,  
Butler, Pa.

## Man Is Charged With Attacking Girl Fugitive

Another Turn In Case Of Escape  
Of Pair From Allentown  
State Hospital

EASTON, Pa., Nov. 1.—(INS)—A 37-year-old Palmer Township man was under arrest today on charges of criminally attacking Mabel Harris, 15, who escaped from Allentown State Hospital last week and then allegedly helped Myron Semunichick, 14-year-old convicted sex-killer, to flee.

Police identified the man as Martin Peters, father of three. He was remanded to the Northampton county jail in lieu of \$1500 bail for a hearing on November 8.

State Police Sgt. William Engel of the Bethlehem barracks, said Peters admitted assaulting the girl. The man reportedly denied, however, that he knew at the time that she and Semunichick were fugitives.

**Different Versions**  
Police charged Peters told two different versions of how he picked up the pair four miles northwest of Easton last Monday. Peters allegedly told police then that he telephoned his employer, Earl Heckman, operator of a Seipville general store, that he had the missing pair in his truck.

According to Peters' first version, Heckman telephoned police while Peters took the couple to the Seipville hotel, where police made the capture.

Engel charged that Peters did not telephone his employer and did not go to the hotel. Instead, he said, the man took the fugitives to Nazareth where he purchased sandwiches before taking them to Heckman's store.

Engel did not say where the alleged attack took place, but said it was Heckman who recognized the teen-agers and telephoned police.

Engel said the girl told of the attack while she was being questioned.

## Lieut. McClelland Ends Long Service

Lieut. William L. McClelland, son of Mr. and Mrs. Lester W. McClelland of Grant street has been discharged from service after 32 months service with the air corps. He was discharged October 15.

Lt. McClelland enlisted in October 1942 when he was a student in college. In February 1943 he was called into active training and assigned to the air force. After a period of training he was commissioned as a pilot of a B-24 and flew his combat missions with the Eighth Air Force, based in England.

He holds the E.T.O. Ribbon with three battle stars, the Air Medal with oak leaf cluster, the President and Unit citation with cluster.

Lt. McClelland's father, Lester W. McClelland is a veteran of World War I, serving in France and Belgium with the 107th Field Artillery, 28th Division. He is associated with the Veterans' Administration in Pittsburgh.

## Faculty Members Will Go Hunting

NEW WILMINGTON, Nov. 1.—Three faculty members of Westminster college will spend Saturday turkey hunting in the woods around Huntingdon.

Coach Grover C. Washabaugh, Walter Biberich, german professor, and Robert F. Galbreath, Jr., acting head of the secretarial science department, will leave Friday night by automobile.

They will be accompanied by Dave Boyd, former physical education instructor at the college, and Leroy Burnside, local resident.

## Local Boys On Duty In China

Two New Castle boys who recently met in Shanghai, China, are Carl J. Congini, S 1-c, of 210 East Friendship street and Eddie Pyle of Grant street.

Both boys are with the Seventh Fleet and are attached with the Yantze River Patrol. Pyle is on a patrol boat and Congini served aboard the light cruiser, the USS Neosho.

The both expect to be home by the first of the year, after being overseas for more than two years.

## He's Still a Long Way from Home!

...Yes, the war was no pink tea. With V-J Day many a fighting man was too tired to think. For a long time we're going to have to do a lot of "thinking" and "doing" for the men who have done their part in winning the complete victory.

...That will cost money. There were well over a million casualties during this most destructive of wars. Many of these men will have to have medical care and treatment for a long time to come. Others need guidance before they can return to normal life. Millions of dollars will be needed for

this and other rehabilitation work.

...That's why this Victory Loan is so important. It's your chance to prove to your fighting men that they are not forgotten ... that we can never repay them for what they have done.

...Gaze deep into your heart—and remember and act. Victory has brought us tremendous obligations. Every American must do his part in this great task. Right now, our job is to buy more bonds than ever before during the Victory Loan. Buy them in humble gratitude—*buy them now.*

## Original Armistice Terms To Italy Soon To Be Given Public

WASHINGTON, Nov. 1.—(INS)—Secretary of State James F. Byrnes promised today that the original Italian armistice terms will be made public within the next week.

Byrnes said he is delaying release of the terms to permit Gen.

Mark Clark to comment on changes that have been made in the document, presumably lightening them in recognition of the Italian contribution to the Allied effort.

## RENT CONTROL DIRECTOR SCORES PRICE MARK UP

PITTSBURGH, Nov. 1.—(INS)—Rev. Charles Owen Rice, Pittsburgh CPA rent control director today scored a \$2000 mark-up in the sale price of a group of Stanton Heights houses shortly after the government price ceilings were lifted.

A ceiling price of \$6000 was set for the houses built by the Stevens Construction company in 1942-43. Stephen Catarnello, company

president, said that the hike was justified because the houses were built for rental since their high cost precluded their being sold at a profit under the ceiling.

The average person is taller when he is lying down than when standing. Allabout would the difference in height be as much as 7,000 miles where as much as an inch difference has been noted.

**Michigan Police  
Confronted With  
New Murder Case****Body Of Unidentified  
Woman Found In Clinton  
River Near Detroit**

DETROIT, Nov. 1.—(INS)—Seventy-year-old Andrew Shevchenko, father of slain Mrs. Lydia Thompson, was arrested today while other law enforcement groups attempted to unravel a second murder mystery.

Detroit police said the aged Russian was arrested in his Detroit rooming house as he was packing his clothes, allegedly to leave for New York.

Shevchenko will be taken to Pontiac for further questioning, investigators said.

**Find Body In River**

Pontiac police reported that the body of an unidentified woman was found yesterday in the Clinton river about 25 miles from the swamp where Mrs. Lydia Thompson of Highland park was found on Oct. 13.

The new victim, described as being between 30 and 35 years old, 5 feet 3 inches tall and weighing 110 pounds, was wearing a tan suit, a brown dickey and a pair of black suede sandal pumps. A brown cordary purse weighed down with stones was found in the stream.

An autopsy revealed that she had been shot through the temple with a .38 or .45 calibre revolver. Oakland County Sheriff Edward K. Thomas estimated that the woman was killed on or near the Adams road bridge between 4:30 and 5 a. m. yesterday.

Capt. Don S. Leonard, head of the combined police force, said that he did not believe both Mrs. Thompson and the victim were murdered by the same person.

No Connection Seen  
"One was committed by a sadist or a vicious person seeking revenge while the other was a clean shooting," Leonard added.

Leonard revealed that Mrs. Thompson's father, Andrew Shevchenko, was taken into "protective custody." Two suspects, brothers William "Lentilo" and Mrs. Marie Dolenhoff, a beauty operator, were held in the Pontiac jail.

Eugene Suragen, 52, who told police that the pair allegedly discussed the Thompson murder in detail, spent the night in the Pontiac jail as a "guest" of the county.

Before Game Opens**

Dobbin' And Surrey With Fringe  
Will Be Part Of New Castle's  
"Oklahoma" Routine

Entertaining for the benefit of the early birds who arrive before the game starts, a 60-piece band from Aliquippa high school will present a seven-minute show preceding Friday evening's football game at Taggart stadium.

Between halves of the game the New Castle band, featuring "Dobbin' of 'Oklahoma' fame, will get a chance to present its long-delayed and cleverly worked-out skit based on songs from the famous New York show. "Dobbin' will appear in person, or rather in two persons, pulling the well-known surrey with the fringe on top.

Several twirlers and some members of the band will be absent because of illness suffered after the Clairton game.

## Dale Patterson Back With New York Times

Dale Patterson, has left for White Stone, Long Island, N. Y., to join his wife and family. He visited last week with his parents, Mr. and Mrs. William C. Patterson of 407 North Cedar street.

Dale was recently honorably discharged from the navy service, having been with the navy for three years, 19 months of which he was in the Pacific area. He was storekeeper 2-c in the navy.

The former navyman is returning to his desk with the New York Times where he is attached to the advertising department staff.

## Pupils Masquerade, Visit Class Rooms

Wednesday, Class 2-1 of Mahoning school demonstrated the spirit of Halloween. The young pupils were attired in various masquerade arrangements and paraded to the three floors of the school and visited the class rooms; they were accompanied by their teacher, Miss Jean Hilliard. The masqueraders looked quite cute and the classes were decorated with their visit. The rooms were decorated Halloween style.

## SEVENTH WARD PERSONALS

Billy, son of Mr. and Mrs. Arthur M. Brown, is confined to his home, 405 Newell avenue, with tonsillitis. Mrs. Joe Gilmore of North Cedar street has been returned to her home from the Jameson Memorial hospital, and is getting along as well as can be expected. Mrs. Gilmore sustained a fractured thigh and arm in a fall at her home several weeks ago.

W. Charles Woods of East Clayton street has returned from a visit in Pittsburgh.

## Lt. Mary Marsic Arrives On Leave

Army Nurse Home Following Three Years Service In Europe With First Army

First Lieut. Mary Marsic of the Army Nurses Corps arrived home to spend a 45-day leave with her sister, Mrs. Martin Bayuk of Prospect street, with whom she resides, following three years in service.

Lt. Marsic was an anesthetist attached to the third auxiliary surgical group of the first army and during her three years overseas saw action in England, France, Belgium, Holland and Germany.

Lt. Marsic enlisted in the service

three and a half years ago, and prior to that time was the anesthetist at the New Castle hospital.

She was graduated from the New Castle hospital school of nursing in 1927 and also studied anesthesia at Mercy hospital in Pittsburgh. Lieut. Marsic also took a post-graduate course in anesthesia at the Radcliffe Infirmary, Oxford, England, under Professor MacIntosh.

At the conclusion of her 45-day leave, Lieut. Marsic will report to Fort Dix, N. J. Even though it is possible for Lieut. Marsic to receive an honorable discharge, she expects to continue with her service in the Army Nurses Corps.

To keep beads from losing their bright red color, leave on the long taproot and an inch or two of stems. A quick dip into cold water lessens the jacket of a cooked beet so that it slips off like a glove.

## Tells Of Force Of Typhoon In Okinawa Area

In a letter to his wife Mrs. Hazel Browning of 302 Pearson street, Seabee Eli H. Browning, S.F. 3-c, tells something of the force of the typhoon which swept Okinawa recently. Mr. Browning is on the island of Okinawa.

He said the typhoon picked up tents like waste paper and hurled them end over end. Dump trucks and jeeps were used to anchor some tents and in many cases the equipment was rolled over by the wind.

Okinawa is slowly pulling itself out, Mr. Browning said in his letter.

ter, and the Seabees are working night and day rebuilding the camp for the third time.

**U. S. MARINES' ANNIVERSARY**  
HARRISBURG, Nov. 1.—(INS)—Pennsylvanians were asked today by Gov. Edward Martin to observe the 170th anniversary of the establishment of the U. S. Marine Corps November 10.

"The history of the Marines is a matter of great pride, not only to those who have worn the insignia of the corps and have established a record of gallantry and devotion to duty, but to all the people of America," the governor said.

He urged Pennsylvanians to observe the day as "Marine Day."

## Produce Strike In Pittsburgh Ends

PITTSBURGH, Nov. 1.—(INS)—Pittsburgh's 36-day-old produce and strike was to end tomorrow under a new contract agreed last night which granted the strikers a raise in pay, but which did not grant the union the right to establish small independent dealers.

The right to organize the pack-sters had been a chief cause of the dispute. Instead the contract stipulated a clause which read:

"Wholesalers would require a membership of the union those who have joined since October 1."

Pay raises which were not asked by the union were granted, boosting the pay of each of the strikers from \$1.50 to \$1.70 weekly.

## Italy May Be Allowed Her Present Fleet

WASHINGTON, Nov. 1.—(INS)—Informed observers were convinced today that Italy will be allowed to keep her present fleet under the final peace treaty with the Allies.

A hint of the fleet's disposition is expected to come in the publication of the armistice terms, as modified by the Secretary of State, James F. Byrnes, has said the terms will be reached within a week.

The question of the Italian fleet's future was raised in the revelation that the Japanese fleet's major units are to be scuttled and the lesser parts divided among the United States, Russia, Britain and China. Byrnes said at the time that the future of the Italian fleet is still undecided. Several factors play a part in the Italian fleet's disposition. They are:

### Aid Britain

1. Britain's desire to keep a friendly navy in the Mediterranean, particularly if Russia insists on opening the Dardanelles, obtaining bases in the Mediterranean area and making its power felt in the middle sea.

2. The fact that the fleet itself as an entity, is not regarded as important. Destruction of submarine and surface elements were reported to have unbalanced it.

3. It holds some value as an emblem of prestige to the Italian people which the Allies would like to keep alive to support the present more democratic government.

The Italian fleet was built up under Mussolini. While authorized

a tonnage of three to the five of Britain and the United States, it was never built up to that strength. The fleet was never considered formidable, being built for show rather than use.

On March 11, 1944, the fleet was estimated to consist of five battleships, 21 destroyers, 19 submarines, eight cruisers and one aircraft carrier.

## Booker T. Washington Put In Hall Of Fame

NEW YORK, Nov. 1.—(INS)—Booker T. Washington, slave-born negro who attained eminence as an educator, today was the first of his race to win election to hall of fame for great Americans.

Elections to the hall of fame at New York university are held every five years with approximately a hundred electors representing every section of the country casting votes.

Thomas Paine, writer of the revolution; Walter Reed, the army doctor; and Sidney Lanier, southern poet, also were elected to the hall.

## Nationalization Moves In Britain

LONDON, Nov. 1.—(INS)—The British labor government today took two major steps toward nationalization of the nation's industry.

Chancellor of the Exchequer Hugh Dalton announced that the government has decided to nationalize the tele-communications services now operated by Cable and Wireless Ltd. and plans also were made known for public ownership of British air transport.

Dalton's announcement was made in the House of Commons.

## Lieutenant Tatterson Boys of Y Have Awarded Bronze Star

Second Decoration For Bravery Presented To Husband Of New Castle Woman

Mrs. Jeanne Hoch Tatterson, of 1111 Whittington avenue, has just received a letter from Brig. Gen. Jesse A. Ladd, commander of the 9th Infantry Division, announcing the award of the Bronze Star medal for heroic action in combat, to her husband, First Lt. Richard R. Tatterson. The presentation was made in person by Gen. Ladd on August 29.

The letter did not reveal the details of the action for which Lt. Tatterson was decorated. He had previously received the Silver Star and also has the Purple Heart with oak leaf cluster, having been wounded twice in combat against the Nazis.

The presentation was made before an assembly of his comrades in arms.

"It is a source of deepest satisfaction to me," General Ladd writes, "to present this recognition for outstanding service to a soldier who has demonstrated his unselfish devotion to the service and our country, and whose actions have surpassed our high standard of duty. I speak for the entire division in assuring you that we share the pride you must feel on learning of this award."

## Girl Scouts Mark Friendship Day For All Nations

Emphasizing the belief of Juliette Low, founder of American Girl Scouting, that scout work could be a vital force for international peace and understanding, local Girl Scouts are observing International Friendship Day today as one of the seven service days of Girl Scout Week.

"Citizenship in Action Around the World" is the theme of the entire week and it is particularly fitting that in the first big organizational event of this year of victory, international friendship should be stressed, points out Miss Claire Eason, executive secretary of the Lawrence County Girl Scout Council.

Girl Scouting in the United States is part of a world association, the International Organization of Girl Scouts and Girl Guides, which in December, 1939, included girls from 26 nations.

## Bernarr MacFadden Is Seeking Divorce

MIAMI, Fla., Nov. 1.—(INS)—Physical culturist Bernarr MacFadden's marriage to the former Mary Williamson, hailed 32 years ago in London as the "perfect union," was on the rocks today like any other marital mixup.

MacFadden, 77, won a recommendation for a divorce from Special Master John C. Gramling in circuit court after proceedings bitterly contested by Mrs. MacFadden.

The physical culturist charged his wife failed to keep her body beautiful, trim and healthy. Mrs. MacFadden countered with charges of "drunkenness" relating her husband imposed his extreme ideas of conditioning on his family, including ordering her to dip their first child in cold water daily.

## President Would Break Deadlock On Full Jobs Bill

WASHINGTON, Nov. 1.—(INS)—President Truman indicated today that he might be willing to accept a compromise to obtain enactment of full-employment legislation.

In a letter to Rep. John McCrackin (D-Miss.), House majority leader, urging passage of such legislation by Thanksgiving, the Chief Executive said:

"I do not refer to any special bill. I refer to the general purpose and principals of full-employment legislation."

In what was regarded as an effort by the President to break the deadlock over the legislation, which is threatened with being pigeonholed by the House Executive Expenditures committee, Mr. Truman wrote:

"If this legislation could be reported out of committee so that it could be passed by the Congress by Thanksgiving, it would give that day particular significance for millions of American families who remember only too well the dark days of the depression, and want reassurance that we shall never again have another 1932."

Following a scramble in the gym, the boys returned to the junior department, where a period of games was enjoyed, followed by lunch.

Midgets—David Smith and Melvin Booher.  
Cadets—Edward Reiter and Donald Caldwell.  
Juniors—Everett McCune and Jack Broadbent.

State police took into custody a youth who last night frequented run up and down the West Pittsburg road. He will be charged technically with disorderly conduct until reasons for the alleged occurrence can be ascertained.

Report was made to city police yesterday that a hand sawyer was taken from the Lutz residence, 311 Shaw street.

## Donations Add To Almira Larder

Potatoes, Fruits, Given By  
Friends On Annual Dona-  
tion Day—No Apples,  
Sugar

In spite of continued shortages and rationing, generous donations, including about 400 quarts of canned fruits and vegetables, 11 bushels of potatoes and several hundred pounds of flour, were received by the Almira Home at Wednesday's donation day. The gathering held annually during the harvest season, according to Mrs. W. Walter Brahm, donation day chairman.

One of the largest gifts was from Grove City, and included 297 quarts of canned fruits and vegetables as well as \$95. Other gifts included soap chips and soap, ten pounds of coffee, numerous jars of jelly and jam and fruit and vegetable juices.

Apples Lacking  
Notably lacking were apples, many bushels of which have been given in former years, and sugar. Large as a gift of food may seem, its life at the Almira Home will be short, says Mrs. Esther Loder, matron of the home. The 11 bushels of potatoes are not quite a month's supply, and the large 100-pound sack of flour will bake one week's quota of bread.

Jelly is placed on the table at each meal, with about eight jars being consumed every day. The ten pounds of coffee may or may not last a week and about eight quarts of the canned peaches will be a dessert for one meal.

Forty-Four Women  
Forty-four women are residing at the home at the present time, with 16 additional persons on the household staff. This group of 60 also use 24 pounds of butter or oleo a week, and manage to do away with a 12 or 14-pound roast at one meal.

Mrs. Brahm was at the Almira Home during the morning to receive the gifts with Mrs. Ralph Campbell and Mrs. Charles Jaquish serving in the afternoon.

## Anniversary For Radio On Friday

PITTSBURGH, Nov. 1.—(INS)—Commercial radio broadcasting celebrates its silver anniversary tomorrow—a long way from the crude program which brought a handful of listeners the results of the presidential election of 1920.

Station KDKA, the unit which broadcast the initial program and announced to its listeners that Warren G. Harding of Ohio was the nation's new president, will hold its 25th anniversary program tonight.

A half-hour program will mark the station's growth.

The pioneer program began on the night of November 2, 1920, and continued until noon the next day when returns of the election were practically complete. Aside from a few "hams," the only listeners were a group of Westinghouse Electric Corporation officials who listened with the aid of two horns borrowed from the navy.

Tonight's program will be listened to by thousands through their modern loudspeakers and with a vacuum tube replacing the crystal.

## Fellowship in the Church Highlights On The Sunday School Lesson

The pilgrims going to church.

"Be tenderly affectioned one to another, in honor preferring one another."—Romans 12:10.

By NEWMAN CAMPBELL  
The International Uniform Lesson on the above topic for November 4 is Matt. 18:15-20; Acts 2:44-47; 4:31-37; Romans 12; Phil. 1:27-24; I John 3:14-24. The Memory Verse being Romans 12:10. "Be tenderly affectioned one to another, in honor preferring one another."

How do you get along with people—at home, at school, at play? It is a religious problem as well as a social one. The Bible gives us very definite rules for living happily with our families, friends and neighbors and playmates.

St. Matthew tells us what Jesus says about quarrels between brothers. "If thy brother shall trespass against thee, go and tell him his fault between thee and him alone; if he shall hear thee, thou hast gained thy brother."

If you cannot be reconciled in this way, Jesus continued, "take with thee one or two more, that witnesses may hear the dispute. If the brother will not listen to these disinterested persons, tell it to the church; and if he will not hear the church, then he may be cast out—excommunicated. It is interesting to note that the church is mentioned only twice in the gospels—once when the Lord declared his intention of establishing a church, and here."

Tells Of Communal Living  
In Acts 2:44-47, Luke tells of the communal life of the early church. "All that believed were together, and had all things in common; and sold their possessions and goods, and parted them to all men, as every man had need."

Barnabas, having land, sold it and laid the price at the apostles' feet.

In this small group the plan worked very well, as Luke tells us, "they continued daily with one accord in the temple, and breaking bread from house to house, did eat their meat with gladness and singleness of heart."

Praising God, and having favor with all the people, and the Lord added to the church daily such as should be saved."

Too bad, isn't it, that as the church membership grew, dissensions arose and today they persist, although different denominations with individual interpretations of the scriptures do work together for the good of their communities. Of course, this primitive way of living could not be continued as the church grew, and spread to other countries and races.

Peter and John, having healed a lame man, were taken before the high priests, and when these dignitaries did not dare to punish them for they had witnessed the miracle, they threatened them and let them go.

Back with their own company they reported what had happened to them, and they prayed so earnestly that "the place was shaken where they were assembled together; and they were all filled with the Holy Ghost, and they spake the word of God with boldness."

In his letter to the Romans Paul gives his views of the correct con-

duct of members of the Christian congregation. Humility is the first rule of conduct Paul sets forth; that "every man that is among you, not to think of himself more highly than he ought to think; but to think soberly, according as God hath dealt to every man the measure of faith."

Using One's Gifts  
Gifts differ—some having one, some another—some having the gift of prophecy; others ministry, still others teaching. Whatever the gift, each should use it simply, with diligence and cheerfulness.

"Let love be without dissimulation. Abhor that which is evil, cleave to that which is good."

"Be kindly affectioned one to another with brotherly love; in honor preferring one another; 'Not slothful in business; fervent in spirit; serving the Lord'; 'Distributing to the necessity of saints; given to hospitality'."

During those times of persecution, hospitality was especially necessary, as places of entertainment were scarce. It was particularly necessary for those early churchmen to be able and willing to entertain strangers. In the East hospitality is still a duty.

Bless them that persecute you: bless, and curse not.

"Rejoice with them that do rejoice, and weep with them that weep." Sympathy in the joys and sorrows of our associates, not selfish indifference, surely is one of the most Christian of virtues.

Paul also gave a word against ambition: "Mind not high things, but condescend to men of low estate." Finally, "Be not overcome of evil, but overcome evil with good."

In his letter to the Philippians Paul writes from Rome where he is detained, that they should not be terrified of their enemies, but to be willing to suffer for Christ's sake, even as Paul was suffering.

## Special Security Interests Of Soviet Are Recognized

NEW YORK, Nov. 1.—(INS)—Official U. S. recognition of Russia's "special security interests" in central and eastern Europe stood confirmed today by Secretary of State James P. Byrnes.

But while he acknowledged the Soviet Union's right to establish near its frontiers a counterpart of the West Hemisphere good neighbor policy, Byrnes warned sharply against the dangers of a world divided into spheres of exclusive influence and special privilege.

"We live in one world, and in this atomic age regional isolationism is even more dangerous than is national isolationism," Byrnes said in an address before the final session of the annual New York Herald-Tribune forum on current world problems.

Byrnes made plain his continued adherence to his stand at the recent unsuccessful London conference of foreign ministers by asserting that while all nations are not equal in power they should be equal before the law and added:

"Believing this, the position of the United States will continue to be that the nations, large and small, which have borne the burdens of the war must participate in making the peace."

Velasquez, one of the greatest painters the world has known, was descended from a noble Portuguese family.

This Kind of Laxative Help Often Needed When Lower Sluggishness Causes Gassy, Bloating Misery

When most food leaves the stomach, it is by no means fully digested. It is in the 24 feet or more of intestine that the greater part of digestion is done. When we get after dinner, then food is apt to ferment and decay excessively in the bowels. As a result we may feel full of gassy bloating and other indigestible matters. That is why you need **Beano's** Pills. They work to relieve this condition of waste and encourage the normal elimination which helps promote better digestion below the belt. # Catholic Group Finds Welfare Needs Are Great

The Catholic Welfare Conference of Lawrence county, one of the newest Chest, has been organized and is now functioning on a full time basis. The object of this conference, which is national in scope, is to establish and maintain a county welfare agency for such matters as shall affect Catholics and persons of other creeds or no creed, if and when they may require aid in their relations to courts, poor farms, relief agencies, juvenile delinquency, etc.

The nature and scope of the welfare conference is the social, economic and spiritual welfare of families and children to be accomplished by an all-comprehensive system of case work, office consultation and inter-agency relations. The nature of family welfare is reduced to three general headings: relief, re-establishment and re-education problems which may affect either or both. Child welfare is concerned principally with the placement of children or the extending of protective care; regular and studied supervision is given in every case. Health concerns both families and children and is shown, therefore, in its relations to both.

In line with this general plan the conference has handled a monthly case load of 12 cases during the past year. These cases concerned themselves with the placement of children in adoptive homes, four boarding houses, three in institutions, 15; these placements entailed regular supervision, attended to by our social worker in visits which averaged seven per month. The broken home, too, presented its problem to the conference in the number of seven cases. Each case presented an individual problem which could be solved only by a thorough study of the case and the application of Christian social principles to its need. The assistance of our other social agencies was of inestimable value. This assistance was always given readily and efficiently. The aged claimed their share of our efforts, also. If little has been said of relief to the poor, it is because such cases were handled by the parish St. Vincent de Paul society, which, if all issues were available, could present a picture of need in this hour of plenty, which might arouse us from our indifference towards our fellow man and make us realize that we too have raised the question "Am I my brother's keeper". Three thousand

dollars is a conservative estimate of the relief work done by that society in the parishes of the county, a sum of money, raised through private contributions. The accomplishment of this work entailed a monthly mileage of 375 miles servicing an average monthly call list of 40.

In all this we but skim the surface of the work of the conference, but in it is to be found the reason for and the need of the conference in our community.

The office of the conference is located at 602 Greer building, New Castle. Mrs. William Howley occupies the position as full time social worker for the conference. The business of the conference is conducted by a board of directors composed of all the priests of Lawrence county and lay members, the latter elected annually. Over all is the executive committee composed of elected officers.

The honorary president is the Most Rev. Hugh C. Boyle, D. D., Bishop of Pittsburgh. The director of the Lawrence County Welfare conference is the Rev. Francis M. McCarter of St. Mary's church, New Castle. Rev. R. D. A. Wilkey of St. Anthon's church in Ellwood City is the assistant director.

The lay officials are: president, Mat Curtis; first vice president, R. J. Elliott; second vice president, Rev. Francis C. Streiff; secretary, Margaret Valley; and treasurer, Clare C. Duff.

Board members are Miss Rose Demariano, Fred Gallo, Louis Izzo, Mrs. George Kay, Edward A. Lynch, James Carey, Louis Blandine, James McLaughlin, Dr. J. Lumen Popp and Charles Crable.

The original name proposed for Utah long before it became a state was Deseret.

# Reports 2,000,000 Japanese Were To Defend Japan

TOKYO, Nov. 1.—(INS)—The chief accountant of the Japanese war office said today that more than two million Japanese soldiers were already at their posts for the decisive battle of the Japanese mainland when Emperor Hirohito ordered his forces to surrender.

At the same time U. S. Navy demolition squad discovered vast underground ammunition caches, providing further evidence that Japan was all ready to battle invasion with suicidal resistance. Naval experts found mile-long caves tunneled into the hills around Yokosuka. In the caves were enormous stores of powder, 1000-pound war-heads for suicide boats, 500-pound bombs and underwater demolition charges. Depth charges, 16-inch shells and other ammunition of all types also had been pushed underground to safeguard against American bombing and strafing raids.

STATE ROAD IMPROVEMENTS  
HARRISBURG, Nov. 1.—(INS)—Secretary of Highways John U. Shroyer reported today that road improvement projects totaling 4905 miles of Pennsylvania roads had been completed between January 1 and October 15 at an estimated cost of \$12,765,500. He said the projects embraced 500 more miles than last year.

# Congress Not To Adjourn Before Thanksgiving Day

WASHINGTON, Nov. 1.—(INS)—Speaker Rayburn predicted that Congress will not be able to adjourn by Thanksgiving. Rayburn told reporters that he was unable to say how soon before Christmas, if then, the 79th Congress will be able to close its first session. The second session will open in January.

Rayburn's assertion dampened whatever hopes remained among congressmen for quitting from Thanksgiving through New Year's Day. It bolstered the forecast previously made by Sen. Barkley (D-Ky., majority leader) that there would be no adjournment before disposal of the President's unemployment emergency bill and full-employment legislation. Both bills, approved by the Senate, are now in the hands of House committees, neither of which is disposed to report them out of a vote.

STATE RELIEF  
HARRISBURG, Nov. 1.—(INS)—State Treasurer Ramsey R. Black reported today that relief payments to needy Pennsylvanians during the week ended October 31 totaled \$130,166. He said last week's disbursements amounted to \$128,249. Try The News Want Ads For Results

## Major Units Of Japanese Fleet Will Be Scuttled

WASHINGTON, Nov. 1.—(AP)—Secretary of the Navy, Frank B. Rowan, today announced that the Japanese fleet, which was captured by the U. S. Navy at the end of the war, will be scuttled. The fleet, which included the battleship Yamato, the aircraft carrier Shinano, and the cruiser Mogami, was captured by the U. S. Navy at the end of the war. The fleet was then moved to the U. S. Navy's fleet base at Pearl Harbor, Hawaii, where it was held in readiness for disposal.

said, that an operational plan was discovered dated November 5, 1941, and marked "top secret" operation order number one. The document also revealed that on November 5 the time also was set for the Pearl Harbor attack to begin on December 8 Japanese time which is December 7, United States time.

Byrnes said he hoped that would dispose of any claim that Hull's memo started the war.

Private Fortune  
Of Jap Emperor  
Taken By Allies

WASHINGTON, Nov. 1.—(INS)—Ed Pauler, American representative on the war reparations commission, said today the private fortune of Emperor Hirohito will be taken by the allies along with other Japanese gold assets for use in general Japanese war reparations.

The emperor's personal fortune of approximately 100 million dollars

has already been seized by American occupation authorities to be held in trust.

Pauler conferred with President Truman prior to leaving within a few days for Tokyo. Members of his American staff will leave for Japan tomorrow where they will make a study of the whole reparations question.

He said that after they return the American commission will make recommendations to the all-d members of the far eastern advisory commission.

Pauler asserted there will be no recurring reparations such as after the last war.

The plan for Japan's payment of

reparations to the allies will be similar to that worked out for Germany—that is, gold, industrial machinery, war plants and other assets will be removed bodily from Japan for redistribution among the allies in a single reparations payment, Pauler declared.

PRaises GARDENERS

BOSTON.—(INS)—Victory gardeners helped decisively to win the war, according to Author-Farmer Louis Bromfield, Bromfield said members of the Boston Advertising club that victory gardeners "made the difference between us having enough food and being in want" during the war days.

Urges President  
Given Attention To  
Home Problems

WASHINGTON, Nov. 1.—(INS)—Rep. Leo Allen (R) Ill., called on President Truman Wednesday to "forget" about the problems of foreign nations and confine himself to the solution of domestic issues.

Allen, opening Republican debate on a bill appropriating an additional 550 million dollars for UNRRA, assailed the Chief Executive for what he termed his failure to solve home-front reconversion problems.

"We heard his message last evening," Allen told the House, "a message that was not clear, concise, factual, in plotting the course of national interest, but filled with the hope that something somehow, somewhere will eventually happen."

He charged the government is being run by "a cracker-barrel administration playing cracker-barrel politics close to the executive department."

"For many months," he asserted, "I have patiently awaited the time when this administration would at least temporarily forget about the problems of foreign nations and confine itself to the momentous job before Congress having to do with our own domestic problems."

"How long will this administration continue to bungle?" he asked.

Allen lashed out at the "confusion" in government, the lack of policy regarding reconversion, and the "unjustifiable delay" in returning members of the armed forces to the United States.

More Production  
Only Means Of  
Raising Wages

PITTSBURGH, Nov. 1.—(INS)—Willard F. Rockwell, chairman of the board of directors of the Timken-Detroit Axle company and vice president of Rockwell Manufacturing company of Pittsburgh, today saw only increased production as a means of raising wages.

Rockwell said that if wages are artificially increased, there will be no real increase in wealth and inflation will result.

Citing that the government has been taking an average of 70 per cent of all profits in the form of taxes for several years, Rockwell pointed out:

"It will be extremely disastrous to government finances if there are no business profits to tax. If there are no profits, a tax reduction from 70 to 40 per cent gives nothing to either government or producer and the loss of profits and taxes eventually will result in bankruptcy for both."

Two Local Seaman  
In Okinawa Typhoon

Mrs. Thelma Body, and daughter, Patricia, of R. D. 1, have received word from the former's husband, Seaman 1-c George J. Body, with Ship Repair Unit who is stationed on Okinawa.

He states that during the recent typhoon in the Pacific the men in his unit spent two days and nights in their mess hall living on K rations. There was not much protection however as they only had screen windows. They slept on wet mattresses attired in their rain gear. All their buildings were blown down excepting their new mess hall built of steel, even part of the roof of which was blown off. Fortunately no one in the unit was hurt.

Seaman Body has been in the armed forces 19 months and overseas 5 months. He is the son of Mr. and Mrs. George Body of Savannah road, Seaman 1-c Daniel J. Keely, a close friend of Seaman Body is also stationed at Okinawa, and was also in the storm. His wife, Annie, and son, Terry, reside at 928 Morton street. Daniel is the son of Mr. and Mrs. Roy D. Keely, 235 North Ray street.

Seaman Keely has been in the service 18 months, was with the armed guard for several months in the European theater and now serving with a medical unit in Okinawa.

G. M. William Sittler  
Home From Pacific

William James Sittler, Gunner Mate 3-C, son of Paul J. Sittler, of 350 Neshamock avenue, has arrived here from Boston for a 30-day furlough.

Gunner's Mate Sittler served on the U. S. S. Mexico after four years of duty in the Pacific area, part of which was spent on convoy duty.

He entered the service on July 19, 1941 and served in the Philippines and throughout the Pacific theater, earning a silver star and four bronze stars for combat engagements.

He will be here until November 22 visiting relatives and friends after which he will report back to Boston for reassignment.

T-Sgt. Harry Thacker  
Home From Service

T-Sgt. Harry Thacker, son of Mr. and Mrs. B. K. Thacker, of Knox avenue, has been given his honorable discharge from service, and has returned to his home here to join his wife and little daughter.

T-Sgt. Thacker has been in service for 42 months and was overseas for 12 months, where he served with the 76th Signal Company, of the 76th Division, attached to General Patton's Third Army.

He saw service in the Ardennes, Rhineland and Central Germany campaigns.

BUMPER CROP

GREELY, Colo. (INS)—A peach seed that was carefully cast six years ago into the yard of Charles E. Phillips of Greeley, produced a crop of peaches this year. One of the 46 peaches gathered from the tree measured three and a half inches in diameter and weighed over half a pound.

when the  
dinner bell  
rings

## DOES IT MEAN:

1. The end of another round with Mrs. Housewife versus the kitchen stove, or
2. That Mrs. Homemaker is proud to announce another sumptuous dinner is ready for her loved ones?

You can be sure that a key to the attitude at the dinner table can be found in the kitchen. Yes, indeed, when mother is in a humor to lead the pleasanties, she has emerged from a kitchen that has made meal preparation a joy.

You have a kitchen that is cool and clean when an ELECTRIC RANGE centers that shop. You have a feeling of safety, an accurate and automatic control over your job, a means of tasty, healthful food preparation when your stove is a speedy ELECTRIC RANGE.

Be proud of your kitchen and enjoy the saved energy by ringing the dinner bell to a healthy, easily prepared ELECTRICALLY COOKED dinner. SOON your electric dealer will be able to show you the new post-war electric ranges.

## PENNSYLVANIA POWER COMPANY

Denies Secret  
Agreement On  
Atomic Bomb Use

WASHINGTON, Nov. 1.—(INS)—President Truman denied there was any secret agreement between the late President Roosevelt, former British Prime Minister Churchill

and Canadian Premier MacKenzie-King on the peacetime use of the atom bomb.

Mr. Truman said the United States, Great Britain and Canada are in equal partnership and are in equal possession of the knowledge of the manner in which the bomb was produced.

He said that Prime Minister Attlee is coming to Washington to discuss with him the single matter of the question of international policy on the atomic bomb. Mr. Truman

stated that after this policy is reached in the tripartite discussions there will be discussions with other nations.

Reminded that the London press had suggested that the discussion might be a prelude to another Big Three meeting, the president said that he could not say that was so.

NEW CARS NEEDED

PHILADELPHIA.—(INS)—During the first five postwar years American railroads will have to step-up

production to at least 12 times the rate in the pre-war decade to provide themselves with modern equipment.

Edward G. Budd, president of the Edward G. Budd Manufacturing Co. of Philadelphia, says most passenger cars on the railroads are now about 26 years old.

It is estimated that one out of every ten persons in the United States is more or less seriously handicapped by a disorder needing the attention of a psychiatrist.

## Senator Glass Likely To Resign

WASHINGTON, Nov. 1.—(INS)—Reliable senate sources said today it was "likely" that Senator Carter Glass (D-Va.) will resign his senate seat in the near future.

Glass, in ill health for many months and absent from the senate during that period, will be 88 years of age on January 4.

It was pointed out that Governor

Darden's term as chief executive in Virginia also expires on that date. Darden, to whom Glass' resignation would be submitted, is a likely successor to the senior Virginia senator.

## Governor Martin Gives Attitude On Teacher Colleges

HARRISBURG, Nov. 1.—(INS)—Gov. Edward Martin emphasized today that his proposal to reduce state teachers colleges in Pennsylvania was based on a belief that education should be free from government control.

"In our country religion, education and the press must be absolutely free of domination by the government if we are to retain our liberties," the chief executive declared. "Free education always depends upon liberal arts colleges."

The governor said he told the trustees of the 14 normal schools that it would be wise to create a committee of one person from each college to study which of the colleges could be used for something else.

"I realize that if something isn't done to help all of them, they will gradually eliminate themselves from competition," he declared.

Martin said the state council of education had suggested the number be reduced to eight. The reconverted institutions could be used to train aviation and motor mechanics and building craftsmen, he explained.

The trustees announced their firm intention of fighting the proposal, made during their organizational meeting at the state capitol Tuesday. They hinted liberal arts college officials were behind the drive having failed to eliminate some of the teachers colleges through legislation.

### CULL POULTRY FLOCKS NOW

Poultrymen must cull the non-producing hens if they are to have a profitable business according to H. H. Kauffman, Poultry Extension Specialist, of Pennsylvania State college. Mr. Kauffman made this statement at a poultry culling demonstration held at the farm of G. A. Bradley, Pulaski, on Thursday, October 25.

Poorly developed or diseased birds cannot produce enough eggs to pay for their feed. Late hatched pullets which will not be in production until egg prices begin to drop likewise may not be profitable unless their rate of production is high. Birds of both types might better be sent to market rather than be left in the laying house.

Mr. Kauffman pointed out there probably will be a high production of eggs early in 1946, with some reduction in price taking place. Good management will be necessary to keep flock production sufficiently high to pay for the feed consumed. He suggested that morning lights might be used to encourage egg production while prices are high.

## Receives Picture From President

Little John Sanders of 110 Center way, a student at the Lincoln-Gardfield school is the proud possessor of a picture of President Truman sent him with the compliments of the President direct from the White House.

The reason for the receipt of the presidential likeness was the arrival of a brother in the Sanders home approximately five months ago who was promptly named James Truman Sanders.

John's mother wrote the White House of the incident and the presidential secretary replied with a letter of thanks and the chief executive's photograph.

## Outlines Work Of Railroads In Winning The War

C. Vernon Thomas, Of Baltimore  
And Ohio Railroad Co., Ad-  
dresses Kiwanis Members

C. Vernon Thomas, special representative of the Baltimore and Ohio Railroad company, told Kiwanis about the wonderful job done by the railroads in helping to win the war, and discussed the outlook for the post-war world, at their luncheon meeting in The Castleton, Wednesday noon.

Mr. Thomas, an interesting speaker, has appeared here before, and his message was received attentively. During the war period, he stated that 97 percent of all military personnel was transported by the railroad and nine-tenths of all army and navy freight and express was hauled by the railroads.

Where transportation by railroad was rated at six hundred billion ton miles in 1940, in the last two years, it has averaged over a trillion ton miles.

The railroads accepted the challenge imposed on them by the war without any plea for an extension of time or a call for help. Years of scientific research showed up in the safety record established and the efficient manner in which the tonnage was handled. The rail-emergency, he stated.

Competition to be Keener  
Looking to the future, he stated that competition will be keener for the railroads, but that there could be no mass production of needed goods, without mass transportation. The railroad faces competition by air, highway, water, and pipe line. Mr. Thomas was of the opinion that the railroads would share in this transportation business in the same proportion that they did before the war, and that the railroads would still have the bulk of the long distance, heavy hauling. Competition, he felt would come only in the short haul field, and where door to door service is demanded.

Guests included Lt. David P. Taylor, who has recently returned home from service overseas with the U. S. Airborne troops, where he distinguished himself in service in Italy, France, and Belgium; and Lt. Mary Marsie, local nurse, who had three years of service overseas, serving with the United States Army.

President Harry Barkley announced that Hamilton Holt, president of Kiwanis International, will participate in America's Town Meeting of the Air on Thursday evening, November 15, at 8:30 p. m. The subject to be discussed is "Should We Have a Single Department for Our Armed Forces?"

## Home Front Toll Of Accidents Is Higher Than War

Home front accidents took a heavier toll of lives than the war, from Pearl Harbor Day, December 7, 1941, to V-J Day, last August 14, the Western Pennsylvania Safety Council reported today.

Emphasizing the enormity of the accident toll and impressing the importance of preventing accidents in war or in peace, the council reported a total of 355,090 killed in home front accidents compared with 261,603 on the battlefield. The injured lost on the home front was even more appalling with a total of 36,000,000 some 1,230,000 involving permanent disability, compared with 651,911 injured in battle, 32,811 missing and 124,194 taken prisoner.

Of 160,000 workers killed, 94,000 were killed off the job, while the injured on and off the job totalled 15,000,000, of whom 560,000 have some permanent disability.

The toll of traffic accidents was 94,000 killed and 3,300,000 injured, some 270,000 involving permanent disability, while home accidents took a toll of 118,000 dead and 17,500,000 injured.

## Funeral Services For Mrs. Haberman

Funeral services for Mrs. Lydia J. Haberman, wife of Louis Haberman of 119 West New Castle street, Zelenople, were conducted Wednesday afternoon at 2:30 o'clock from the Glenn funeral home, Zelenople, with Rev. P. W. Seiberling, pastor of the English Lutheran church, officiating. Interment took place in the Zelenople cemetery.

Mrs. Haberman was a resident of Ellwood City until 11 years ago, when she moved to Zelenople, where she belonged to the English Lutheran church. She was 62 years of age and was the daughter of the late Matthias and Mary Fischer Strohecker.

In addition to her husband, she leaves a daughter, Mrs. Harold Cooper, Zelenople; two sons, Loran Haberman, Ellwood City, and Meritt Haberman, Zelenople; three sisters, Mrs. Lillie Mellon and Mrs. Clara Schweinsburg, both of Ellwood City, and Mrs. Maggie James of Los Angeles, Calif.; two brothers, John Strohecker of Danton, Ariz., and Fischer Strohecker, Salem, Ore.
